**P.O. Box 540**

**LaGrangeville, NY 12540**

**t-845-486-0744 f-845-486-0745**

**info@brianmooreguitars.com**

**We offer a number of different inlay materials. The most popular choices are abalone shell and mother of pearl, but don't let that limit your imagination! The available materials allow you to achieve just about any color combination or style. Remember that most inlay designs can be redesigned with different materials for a unique look, or to color match to the finish of your guitar.**

**Take a look at:**

- 7 Types of Abalone Shell**
- 39 Different Recon stones**
- 3 varieties of Pearl**
- 7 Different metals**

**Also, you will see some of the inlays use different types of wood. Just about any wood can be used, for another unique inlay look. Let your imagination be the guide!**

**Technical note:**

**The 2 different inlay material files in this folder are identical, just saved as different formats. One is a high resolution .jpg, and the other is Adobe .pdf.**
